### 3D ULTRASOUND CONSENT

I understand that 3D Ultrasound is an elective non-diagnostic ultrasound and does not provide measurements, dating or assesses for fetal anomalies. Insurances does not pay for this procedure. Further I understand that if I choose to have the 3D Ultrasound the payment of one hundred dollars (\$100) is due and payable prior to the session. The ultrasound technologist / physician will do their best to provide six (6) printed images and a CD for my personal use. There is no guarantee of obtaining clear views due to uncontrollable situations. The sex of the fetus may or may not be able to be determined. ***There will be no refunds due to the nature of the service.***

All my questions have been answered to my satisfaction and I understand the above information.
